

SAYLI .S. HAIDRABADE

Pune, Maharashtra | Mb. No: 8857800413 | saylihaidrabade@gmail.com | GitHub: <https://github.com/sayli9045>

SUMMARY

Full-stack developer pursuing an MCA, with hands-on experience building secure, database-driven web applications using Java, Spring Boot, and MySQL. Delivered end-to-end platforms spanning authentication, REST APIs, and responsive interfaces, most recently an AI-powered interview preparation tool and an internship management system. Combines strong OOP fundamentals with a growing interest in cloud computing and IoT, and brings leadership experience from serving as President of the college IT Student Association.

TECHNICAL SKILLS

Languages: Java (Core and Advanced), C++, C, HTML, basic CSS, JavaScript, C#, Python, .NET

Key Concepts: Object-Oriented Programming (OOP), Collection Framework, Threading, Exception Handling, Swing, Computer Networking, IoT, Cloud Computing

Frameworks: Hibernate, SDE, familiarity with Servlets and Spring Boot basics

Database: MySQL, Oracle, SQL, PL/SQL, SQL Server

IDE: Eclipse, Visual Studio Code, Visual Studio

Operating Systems: Windows, Linux, Mac

Office Tools: Microsoft Excel, PowerPoint, Word

EDUCATION

Master of Computer Applications (MCA) — Pursuing

MIT World Peace University

2025 - Present | CGPA: 7.63

Bachelor of Computer Application

Rajarshi Shahu Mahavidyalaya, Latur (Autonomous)

An undergraduate course that focuses on computer science and its applications.

July 2022 - May 2025 | CGPA: 7.5

12th (HSC)

Modern Science and Arts College, Latur

Marks: 84.60%

PROJECTS

CareerPilotAI – AI-Powered Interview Preparation Platform *Full Stack Developer | Jun 2026 – Present*

- Built a web platform for interview practice, technology-based interviews, and performance tracking.
- Added secure authentication, REST APIs, and database operations using Spring Boot, Spring Security, and JPA.
- Used MySQL for user, interview, score, history, and progress data; created a responsive interface for analysis.

Tech: Java, Spring Boot, Spring Security, Spring Data JPA, MySQL, HTML/CSS, Bootstrap, JavaScript, REST APIs, Git, GitHub

Internship Management System *Full Stack Developer | Mar 2026 – Apr 2026*

- Built a web system to manage internship postings, student applications, and student data.
- Implemented login, session management, and CRUD operations using Java Servlets and JDBC.
- Used MySQL for data management and created a responsive interface for students and administrators.

Tech: Java Servlets, JSP, JDBC, MySQL, HTML/CSS, JavaScript

CERTIFICATES

- Certified in C, C++, Java
- Certified in App Development, SQL
- RSM-Hackathon Participant
- Avishkar-25 First Rank in District Level

EXTRA CURRICULUM

President, Information Technology Student Association — Rajarshi Shahu Mahavidyalaya, Latur

Volunteer (Cyber Warrior), Quick Heal Foundation (QHF) — Cyber awareness initiatives in Latur

LANGUAGES

English, Marathi, Hindi
